The instrument features a smaller, scaled-down body size—often referred to as a "child's size" or classical guitar dimensions—making it suitable for young learners or beginners with smaller hands.

The neck profile is designed to be slim and easy to grip, reducing fatigue during practice sessions. The fretboard is usually made from smooth, durable materials like rosewood or composite, facilitating easy finger movement. The hardware, including tuning pegs and bridge, is selected for

Its nylon strings produce a warm, mellow tone that is ideal for classical and fingerstyle playing, aligning with Suzuki's pedagogical focus. The instrument's scale length is typically shorter than standard guitars, which allows for easier finger placement and less tension on the strings.

Playability is enhanced by a low action—meaning the strings are set close to the fretboard—reducing the effort needed to press down the strings.
